5 November B.E. 2568 (2025)

Dear Sir/Madam,

Subject: Positive Examination of “Introduction of 5MW Floating Solar Power System on Industrial Water Reservoir in Thailand”

We refer to the Authorization Statement for “Introduction of 5MW Floating Solar Power System on Industrial Water Reservoir in Thailand” issued on 28 October 2025 pursuant to Memorandum of Cooperation on the Joint Crediting Mechanism between the Government of the Kingdom of Thailand and the Government of Japan (hereinafter referred to as the “Memorandum of Cooperation”).

Having examined the mitigation outcomes from the Verification Report of “Introduction of 5MW Floating Solar Power System on Industrial Water Reservoir in Thailand” for the monitoring period of 1 January 2021 to 31 December 2021, and pursuant to paragraph 13 of the International Carbon Credit Guideline, the Department of Climate Change and Environment hereby confirms that the implementation of this mitigation activity which generates mitigation outcomes in the total amount of 1,009 tons of carbon dioxide equivalent (tCO₂eq) has fulfilled the following requirements for transfer:

- I. Completion of the procedures as required in paragraph 13 of the International Carbon Credit Guideline
- II. No evidence of discrepancy with the provisions and the terms and conditions of the Authorization Statement

The Joint Crediting Mechanism Implementation Agency (JCMA), Japan

/III. No double ...

III. No double claiming of the Mitigation Outcomes with other domestic mitigation programmes or systems and, based on best available information, no double claiming with other international objectives, systems or aims

IV. No complaint of violation of human rights in the implementation of the Mitigation Activity from which the Mitigation Outcomes originate

With this regard, we confirm our positive examination of the activity and its outcomes.

Please be assured of our fullest cooperation.

Yours sincerely,
